

# KFSfstr Library

---

- [1. General](#)
- [2. Installation](#)

## 1. General

---

This library is a collection of miscellaneous string formatting functions that turned out to be quite useful to have while creating my other projects.

For further documentation, read the provided docstrings or feel free to send me a message. I'm also always happy about suggestions and tips.

## 2. Installation

---

You can install this library from Pypi with `pip install KFSfstr`.
